-  Github
-  Html
-  Javascript
-  Css
-  Scss / Sass
-  Php

## Others

-  Chat Gpt
-  Miro
-  Unity Engine
-  Unreal Engine

# PIXELFEDERATION

Overview of working within the company Pixel Federation.

## **DIGGY ADVENTURE**

**2021 - 2023**

As a 2D artist for Diggy Adventure, I illustrated and rendered captivating ideas within the game's distinctive style. My role involved collaborating with the design team to enhance the overall visual experience, showcasing my artistic proficiency and adaptability in a dynamic game development environment.

## **TRAINSTATION**

**2020 - 2021**

As a 2D artist for the game "TrainStation," specializing in the artistic creation and rendering of diverse in-game assets per conceptual vision. Implemented a unique approach, distinct from previous projects, encompassing variations in style, rendering techniques, and technical aspects.

## **AFK CATS**

**2019 - 2020**

As a 2D Artist for the mobile game "AFK Cats," my role centered on conceptualizing and rendering diverse game assets. This project demanded a skillful blend of linework and flat/cell rendering techniques, resulting in a captivating cartoon-style aesthetic. These meticulously crafted assets served as foundational building blocks seamlessly integrated into the Unity Engine.

# **TICKETPORTAL SK**

Overview of working within the company Ticketportal SK.

## **GRAPHIC DESIGN & PRINT                      2012 - 2014**

Print Production with a proven track record of efficiently handling large quantities of event tickets for various organizations. Proficient in utilizing graphic design software to edit and create visually appealing products in both raster and vector formats. Adept at preparing materials for print using Desktop Publishing (DTP) techniques to ensure the highest quality output.

## **IT SERVICE DESK                                      2010 - 2012**

Technician specializing in providing comprehensive support for ticket stores nationwide. Proven expertise in traveling to various locations for on-site and remote troubleshooting of both hardware and software issues. Adept at conducting in-depth research to determine hardware requirements and facilitating seamless purchasing processes. Demonstrated ability to proactively identify and resolve technical challenges, ensuring optimal functionality.

## **TICKET SALES    2009 - 2010**

On-site ticket sales to clients, managing the reception and organization of invoices, providing assistance in ticket selection, generating reservations, and efficiently handling return processes.

# MOTIVATIONAL LETTER

I am strongly motivated with a drive to constantly learn new skills and best practices. I continually revisit and refine my abilities, aiming for perfection as a guiding principle.

While perfection serves as an aspirational goal, my real focus is on achieving and mastering the steps beneath it. This mindset helps me take my goals seriously and strive for excellence without becoming overwhelmed by the idea of flawlessness.

By developing a wide range of skills, I become versatile and effective in problem-solving. I believe that knowledge is power, and learning is a skill that requires dedication, practice, and thorough analysis.

My primary strengths include learning, analysis, dedication, studying, and applying knowledge. This child-like curiosity and enthusiasm allow me to persist in my endeavors. Using these skills, I have successfully acquired expertise in areas such as drawing, design, visual principles, and general problem-solving.

It is incredibly rewarding to apply knowledge from various fields to find new perspectives or more effective solutions. This adaptability enhances my problem-solving capabilities and allows me to approach challenges creatively and efficiently. Lastly, it makes me able to adapt effectively to new situations and environments.
